

THE TRAIL

Marsha Hanna

Foreword

We, the class of 1962, wish to express a hearty thanks to all who have co-operated in making it possible to bring the Old Fort Community another edition of "The Trail."

We hope we have covered the activities to your satisfaction and that you will enjoy leafing through this edition in years to come.

We would also like to thank Mrs. Newman for her unending patience with us and all the help she gave us.

Dedication

On their way to vote for the school levy.

We, the Class of 1962, dedicate our annual to the citizens of the Old Fort Local District for their continued and unfailing support of our school.

We have seen from the results of past bond issues and levies and through the passing of the operating levy on November 7, 1961 that you, our parents and friends, have the future of your children close to your hearts.

The demands and strains placed on you are great, but such is the price of a good education in the world of today.

We want to express our appreciation and gratitude to you through the dedication of this, "The Trail of 1962."

We would remind everyone that all the members of the class of '62 helped in the production of this annual. Everyone sold annuals and ads. Without the entire support and help of the entire class such a project could not be undertaken. The picture shows the "key" people in the working, planning, and assembling of this annual.

Administration

To the leaders of our school, Superintendent, Principal, and Faculty we express our thanks. Their high ideals, faithfulness, and expert guidance have led us to ever-increasing heights in the molding of our lives.

Board of Education

A deed to a plot consisting of approximately eight acres is being presented to the Old Fort Board of Education. Mr. Paul M. Gillmor donated the ground to Old Fort School. The land is to be used for an Athletic Field and playground. It is located across the ravine from the Elementary Building. The plot will be known as the Paul M. Gillmor Athletic Field.

Additions were made to the school plant in 1955, 1956, 1958, and 1961 since Mr. Hiestand has been at Old Fort. Industrial Arts, Farm Shop, Shorthand, Driver's Education, and Trigonometry are some of the subjects that have been added to the curriculum since he has been at Old Fort. The senior class wishes to express its appreciation to Mr. Hiestand for his time and effort that he has put forth for the benefit of each and every student in Old Fort School.

Class History

Our path to education started twelve years ago on September 6, 1951 with forty-seven original class members.

Of the original forty-seven members, twenty-seven are here to graduate. Sixteen of those completed their twelve years at Old Fort. They are: Wanda Walters, Jack Magers, William Bastian, Trudy Grubs, Trenda Bly, Thomas Gabel, Charles McCormack, James Abbott, Brenda Zeis, Susan Boucher, Naomi Schiffer, Phyllis Lynch, John Lemmerman, Larry Miller, Barbara Gegorski, and Miriam Berlekamp.

Our second grade class was taught by Mrs. Witter. This year we learned all about writing. No one joined our class this year.

Mrs. Heiser conducted our third grade class. Larry Byrne and Juanita Speller joined our class this year. Mrs. Heiser taught us our first Spanish.

In the fourth grade, Mrs. Sanford helped us along our way. Our additions this year were Sally McCoy and Bonnie Staley.

One of our most joyous years was the fifth grade with Mr. Bare doing the teaching. No one entered our class this year.

The sixth grade class was led upward by Mrs. Cloutier. Marvin Ekleberry was our new addition.

Miss Robinson directed us in the seventh grade. We were now in Junior High. Thomas Beckley joined our cause this year.

Our eighth grade class was led by Mr. Mehaffey. This year we "graduated" into high school. No new additions were reported this year.

Our Freshman class was led by Mr. Swihart. Carol Garza, Sharon Mallick, Joel Garza, and Kenneth Sevitts joined us for initiation. Joel Chaney joined us a little later, and was initiated the following year.

The Sophomore year was under the humorous direction of Mr. Chaney. Richard Lykens joined us this year.

Our Junior class was directed by Mrs. Newman and Mr. Austermiller. Our class play "Headed for Eden" and our class rings were the highlights for us this year. Jeffry Walters joined our class this year.

The Senior class was also under the direction of Mrs. Newman. Much of our time was spent on working on the annual and the class play. Again no one joined us.

From here, we received our diplomas. The future lies before us. For all, we hope, it will bring much success and happiness.

Class Prophecy

THE ANGELIC JOURNAL

The year is 2062, and as a reward for our angelic behavior the entire class of '62 has reached the Promised Land. Kenneth Sevitts was the last of our classmates to arrive for it took a lot of explaining to convince Saint Peter that he was ready to come.

To the surprise of everyone the United Heavens has elected a woman President. Donna Curns was elected for her promise to have the holes in All Stars filled in so the angels would get something besides holes free. Her success was also due to Vice President Barbara Gegorski who planned her tours, speeches, and etc.

Our prospectors Joel Chaney and Larry Byrne who are as famous as the "49" ers have given up trying to find green cheese on the moon. They are now looking for Milky Ways on Mars.

Hark! What soundeth yonder? 'Tis music we hear. Sweet music! The heavenly choir lead by Sharon Mallick and composed of Juanita Speller, Brenda Zeis, and Trenda Bly are being accompanied by Miriam Berlekamp on the harp. They are practicing for the Festival of Stars presented annually by Susan Boucher's Designing Institute, and Bonnie Staley's Cloud Hoppers Dancing Studio, along with Sally McCoy showing her new fashion designs. Her Diormer gown creation will be on display for the first time. Miss Boucher will exhibit her exquisite seven pointed star. Miss Staley will have her graduating class demonstrate a few basic steps they learned such as, the Star Steps, the Cloud Hop, the Thunder Trot, the Lightning Leap, and the Rainbow Twist. Good luck, girls!

Professor Naomi Schiffer, C.O.P., A.M.P.M., and A.F.L.-C.I.O., and Phyllis Ann Lynch, P=A+L (or is it A=L+P or L=A+P) have still not finished teaching James Abbott how to figure out the last thousand numbers in Saint Peters Great Account Book. Will they ever be able to straighten out this crazy mixed up kid!

It is said that mad scientist, 1,999,999,999,999 Jack Magers has found the answer to the population problem. He suggests that the solution he discovered that dissolves clouds be used so that some of the angels could be let down. However, Joel Garza has established a Cloud Guard Academy especially designed for fallen angels, so Jack's proposal would just give Joel's academy more business. It would serve no purpose at all.

Tom Gabel, the head farmer here, was very excited when John Lemmerman arrived. John is working on a new method of cloud rotation to produce a better quality crop of harps. So far the only result of this experiment is that some of the clouds are turning black and secreting water.

Head physician, Thomas Beckley, has been busy mending broken wings. Everyone here knows that Saint Peter's most important rule for safe flying is not to exceed 70 star meters per light year. If the class of '62 would obey this rule of safety, Tom wouldn't have any business. Why, Jeffry Walters has been convalescing in the "heavenspital" for several light years now. All he has to say is "that smarts." Won't these "hot wingers" ever learn?

CLASS WILL (Continued)

I, Chuck McCormack, will my ability as an outstanding basketball player to Gary Chaney in hopes that he will have as much on the ball as I have.

I, Sally McCoy, will my ability to get along with Mr. Burton, to Jim Dillard.

I, Larry Miller, will to Dave Haugh, my baseball spikes in hopes that they help him to run faster.

I, Naomi Schiffer, will my 4' 11 1/2" height to Karen Wise who I hope enjoys it as much as I have.

I, Kenneth Sevitts, will my ability to talk and keep talking to Steven Laird, who has trouble just trying to start to talk.

I, Juanita Speller, will my apples and the ability to eat them in Home Ec. class to anyone who gets the urge.

I, Bonnie Staley, will my typing ability to my sister Barbara, in hopes that she does better at it than I did.

I, Jeffry Walters, not wanting to be partial, will my desk in home room (row 4, desk nine from the front) to any Junior who wants the privilege of sitting in it.

I, Wanda Walters, will all of my tattered and torn books to the future Senior class.

I, Brenda Zeis, will all my harrowed Phys. Ed. clothes that I have accumulated over the years, back to the owners in hopes that they still will fit.

We, the Senior class of Old Fort School, do hereby sign this, our last will and testament in the eyes of our witnesses.

type) since our territory has grown, so Saint Peter sent over his angelic private secretary, Trudy Grubs, to help him govern the heavenly quarters. She will probably end up doing all the work for her playboy boss!

Have you ever wondered who prepares our delicious meals? Wanda Walters was doing it, and very satisfactorily too, until one day Kenneth Sevitts came up and took over her job. Together they have prepared such treats as Angel's Delight and Mock Angel Food Cake. Um-m-m good!!

Look out! Someone is going to get hurt. Tom Beckley has enough work without having to fix bent halos, too. Still, Charles McCormack insists upon trying to throw clouds through the angels heavens. He must think he is still playing basketball for the Stockaders.

At 77 Rainbow Lane is located the office of Carolina Garza and Marvin Ekleberry. They paint rainbows "and you can't hardly get them no more." Since their duties include all the rainbows in heaven and they have to ride cosmic rays which are the fastest means of travel here. So if after an April Shower no rainbow appears, you'll know - - somebody goofed!

CLASS PROPHECY (Continued)

Hurry up boy, for heaven sakes!! Dick Lykens still hasn't finished polishing the Golden Gate. Perhaps this is because there are no step ladders here in heaven.

Bill Bastian, who has taken over Gabriel's job, has started to blow his horn which means we will have to leave you.

We will not say good bye, but just so long for a while, for perhaps you too will reach this heavenly paradise.

Kindergarten

On January 22, 1962, Old Fort School started Kindergarten Classes. Forty-five students were enrolled. In order to be ready for Kindergarten a child had to be of age to start First Grade by September, 1962. Two sessions were held, one in the morning and the other in the afternoon. Mrs. Spaulding was the teacher. The Kindergarten Classes learned to color, make numbers, recognize signs of safety, 'do painting, and in general help to be ready for the First Grade in the fall.

Senior Class Play

On November 10, 1961, the Senior Class presented their play, "The Adventures of Huckleberry Finn." Huck Finn comes to the Phelps' home, near the town of Pikesville, somewhere in the south, looking for his Negro friend, Jim. The Phelps' have gone to Pikesville to pick up Tom Sawyer, their nephew, who is coming for a visit from St. Petersburg on a boat.

They had read the letter wrong and mistook Thursday for a Tuesday. So when they met the boat Tom was not on it. When they got back to the house Huck was still there. They thought it was Tom. Instead of who he really was, he pretended to be Tom. On Thursday when Tom came, Huck told him all about it and how the two colored servants had kept it a secret. He also told why he was there and what his plan was. Tom said he would help free Jim.

After they had freed Jim they found out that Jim's mistress had died and set Jim free in her will. Aunt Polly, Tom, Huck, and Jim all went back to St. Petersburg where they could all live happily.

The cast included: Jeffry Walters as Huckleberry Finn; William Bastian as Tom Sawyer; Joel Chaney as Jim; Larry Miller as the Sheriff; Kenneth Sevitts as Silas Phelps; Susan Boucher as Sally Phelps; Donna Curns as Ella Mae Phelps; Trena Bly as Aunt Polly; Juanita Speller as Mammy; Sally McCoy as GeeGee; Naomi Schiffer as Mrs. Damrell; and Phyllis Lynch as Mrs. Hotchkiss.

Charles McCormack, John Magers, and James Abbott were the stage managers. Miss Hermina Leahy, Speech instructor, directed the play. Miriam Berlekamp was student director.

The FFA girls have taken on a new project this school year. Each month they decorate the cafeteria. The girls have been trying to follow a theme for each month fitting for that month. The decorations for December were especially pretty. Holly Wreaths, snow men, greens, and a beautiful Christmas tree were much in evidence.

Mr. Abowd from Lebanon spoke at one of the FHA meetings. This was very interesting and educational. A vanilla sale and a very successful bake sale have been on the agenda. Also a lovely Sweet-heart Dance was held near Valentine's Day.
